

Fire Awareness

Optional Course

Boost your confidence and elevate your professional practice with this Fire Awareness course designed for dance teachers.

You will master the essentials: how fires start, the hazards most common in dance environments, and the safety measures that protect you and your learners. This course includes your legal responsibilities, key knowledge such as alarms, signage and fire doors, and the basics of fire extinguishers and safe evacuation. This course gives you the awareness to lead calmly, act quickly and keep every class safe - no matter where you teach.

1 hour course
